a coin

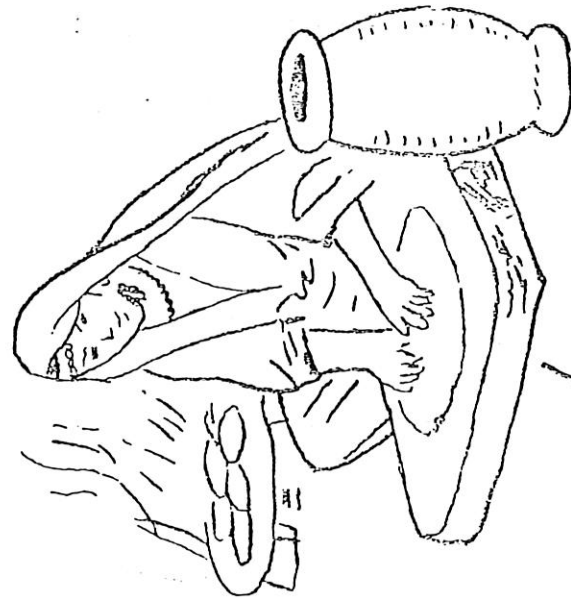

- lamp

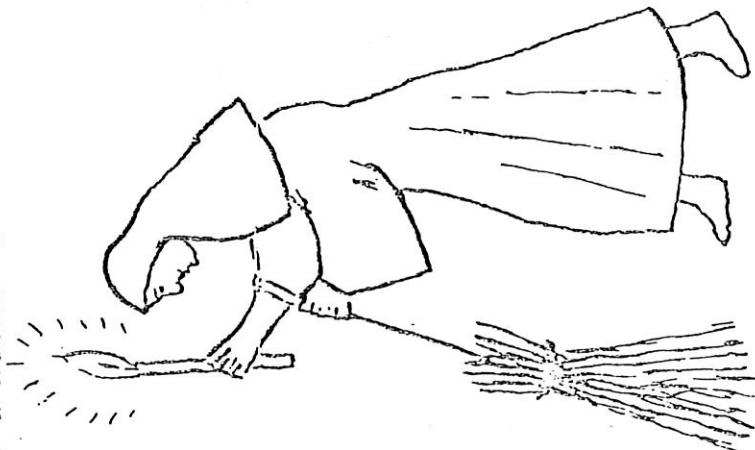

a cruse
for oil

grinding
corn

making
a necklace

Materials required:

10 bottle tops and a length of string for each child.
Make a hole in the centre of each bottle top.

Activity: Before the lesson commences hide one bottle top for each child.

After the story has been told, give each scholar 9 bottle tops asking them to count the number. When its discovered that one is missing each scholar searches until he finds it.

Each scholar can then make a necklace of the 10 tops.
